

Bobcat® S70 Skid-Steer Loader

Specifications

Performance		S70
Rated Operating Capacity	100 lb. (45 kg)	
	1,000 lb. (450 kg)	
	Hydraulic Pump Capacity	9.8 gpm (37.8 L/min.)
	Travel Speed	6.1 mph (9.8 km/h)*
Operating Weight		2845 lb. (1291 kg)
Dimensions		
Length (with bucket)	100.8 in. (2560 mm)	
	Width (with bucket)	36.0 in. (914 mm)
	Height	71.4 in. (1814 mm)
	Height to Bucket Pin	94.5 in. (2399 mm)
Engine		
Model	D1005-E	
	Fuel Cooling	3
	SAT HP/Displacement	23,561 ¹ cu. in. (1,01 L)
	Fuel Tank Capacity	6.5 gal. (24.6 L)
Operation		
Steering and Drive	Forward, reverse, travel speed and steering controlled by two hand levers.	
	Raise/lower lift arms and dump/rollback bucket controlled by two foot pedals.	
Hydraulics		Hydrostatic, four-wheel drive.
Transmission		5.70-12 Standard Tires
Standard Features		
Meets/Gauges/Warning Lights	Bob-Tach™	
	Bobcat Interlock Control	
	Operator Cab	
	Power Windows	
	Front & Rear Lights

Bobcat S70... the loader for tough jobs in tight spots.

The compact Bobcat S70 skid-steer loader is small enough to get in the tight spots, yet tough enough to get you out. This agile little workhorse is only 6 feet tall and 3 feet wide — the ideal size for scooting through narrow doorways, corridors, aisles, alleys and gates, and for working under low ceilings.

It's the perfect loader whenever the job is too big for a shovel or the space is too small for a larger machine — in backyards, barns, construction sites and demolition areas. And versatile? You bet. With more than 20 Bobcat attachments to choose from, the S70 is a multi-attachment carrier that's ready to take on just about any job.

Plus — you get to do your work in the comfort and safety of the S70's operator-friendly, FOPS/ROPS-approved cab (Falling Object Protective Structure and Roll-Over Protective Structure). You'll also appreciate the comfortable high-back seat, low noise and easy entry and exit.

The S70 gives you 700 pounds of rated operating capacity and a rugged 23.5 horsepower liquid-cooled diesel engine that powers the hydrostatic 4-wheel drive.

Like all Bobcat loaders, the S70 allows quick, easy access to hydrostatic, hydraulic and engine systems, thanks to the swing-out tailgate and flip-up cab.

All this, and an excellent warranty, too. Check out the compact S70 skid-steer loader at your Bobcat dealer's showroom. It's the loader that's small in size, small in price, but big in value, comfort, performance and versatility!

700 LB.
Rated Operating Capacity
9.8 GPM
Hydraulic Flow
23.5 HP
Liquid-Cooled Diesel Engine

¹Operating capacity rated with operator, digging bucket, according to SAE standard J118. OPERATING CAPACITY TO EQUAL NO MORE THAN ONE HALF THE TIPPING LOAD.
²Bucket positioning helps operator keep the same tilt of the load during lifting.
³Includes polycarbonate front door, top and rear windows.
⁴Special application kit (see #3) must be used.

A* 5.70 x 12 Tires - 25.4 in. (100 mm)
23 x 6.50 - 12 Tires - 43.3 in. (1100 mm)
B* 5.70 x 12 Tires - 25.4 in. (100 mm)
23 x 6.50 - 12 Tires - 43.3 in. (1100 mm)
C* 38 in. Bucket Width - 36.0 in. (914 mm)
44 in. Bucket Width - 44 in. (1118 mm)

- Snowblower*
- Snow Blade
- Snow V-Blade*
- Soil Conditioner
- Stump Grinder
- Sweeper
- Tiller
- Tree Fork
- Trencher
- Utility Blade
- Utility Fork
- Utility Frame
- V-Blade
- Vibratory Flow

S70 Skid-Steer Loader

One Tough Animal™

*Attachment Control Kit required.

Bobcat S70...the biggest little loader on the market!

The compact Bobcat® S70 skid-steer loader is the versatile attachment carrier that out-works, out-digs everything in its class.

- 700 lb. Rated Operating Capacity
- 9.8 GPM Hydraulic Flow
- 23.5 hp Liquid-Cooled Diesel Engine

Big performance in a small package!

The S70 loader makes compactness a virtue. It goes where bigger machines can't go. It's high in value. It's easily transportable. Yet it's also dependable, agile, productive, labor-saving, operator-friendly — and is equipped with a cab that offers many of the comforts of a much larger machine!

But most of all, the S70 is versatile. With a choice of over 20 hard-working Bobcat attachments, you and your S70 can tackle just about any job with ease and confidence.

Standard BOB-TACH™ Mounting System Assures Fast, Secure Attachment Changes!

Turf tires are also available.

Exclusive Bob-Tach™ System.
For fast, secure attachment changes, Bob-Tach frame (A) moves into attachment lugs (B) handle

(C) pushes down easily, pressing wedge (D) through frame and attachment hole for solid connection.

Adjustment Not Needed.

The Bobcat "bow-tie" drive chain design uses pre-stressed, heavy-duty drive chains in two short continuous loops on each side. That means no periodic, time consuming adjustments, plus long life even in the most rugged conditions.

Bearing Grease? Forget It!

Self-lubricating axle bearings never need greasing. The unique hub design offers great seal protection.

Training Resources.

Training kits, available through your Bobcat dealer's parts department, let you train current and new operators and service technicians on the latest safety operation and servicing functions for Bobcat skid-steer loaders. A Spanish language version is also available. Check the Bobcat website for more information: www.bobcat.com

Serviceability.

Bobcat skid-steer loaders feature easy servicing and quick access to components should repairs be needed. Service technicians can get to hydraulic/hydrostatic components quickly by unbolting two nuts and lifting the cab back. The tailgate swings out — allowing fast, easy access to engine components.

Belt Drive Advantage.

The Bobcat belt drive advantage means Bobcat loader engines can be run slower, resulting in a quieter machine that lasts longer and uses less fuel. This system also maximizes pump efficiency and minimizes steering lever effort. Ask about the 3-year belt warranty!

Hook Up to These Job-Matched Bobcat Attachments

Angle Broom

Sweeps snow, dirt and debris from driveways, loading docks and warehouse floors.

Auger

Drills holes with speed and plumb-line accuracy.

Snowblower

Powerful snow mover. Discharge chute is controlled from operator's seat.

Backhoe

Converts loader into a digging machine. Digging depths up to 5.5 ft.

Breaker

Breaks up concrete and asphalt quickly and effortlessly.

Tiller

Digs and loosens soil, mixes compost and other materials into existing soil.

Trencher

Handles a wide range of jobs, including trenching close to buildings.

Buckets

There's a bucket for every job, from digging to dumping.

Dumping Hopper

Loads quickly and saves time by hauling more material in fewer trips to the dumpsite.

Utility Blade

Use it as both a snow blade or dozer blade. Curved moldboard angles 30 degrees.

Utility Fork

Grabs bulky, hard-to-handle material: loose hay, bedding, manure and bundled items.

Landplane

Removes large clods and rocks, breaks up hard ground, sorts debris from soil.

Pallet Fork

Handles palletized material on farms, construction jobs and industrial sites.

Utility Grapple

Handles loose hay, straw, manure, bales and hard-to-grasp material. Use it with bucket or utility fork.
