

Donaldson Delivers

Filtration Solutions for Heavy Cranes

Heavy-duty filters for
crane equipment

Donaldson delivers the most comprehensive line of filtration solutions for crane applications.

Downtime means lost revenue. To keep your equipment in service you need filters that deliver superior performance and a reliable supplier that offers complete coverage for your entire fleet.

With Donaldson protection, your engine and hydraulic system will operate longer between filter replacements, avoiding costly downtime and repairs. Adding a Donaldson filtration system to your bulk fuel and lube storage will provide extra protection for your equipment and maximize uptime.

Donaldson Delivers.

Innovative filtration solutions for engines, equipment and the people who use them.

- **Industry-Leading Technology** – uncompromising quality
- **OE Grade** – Donaldson is the first-fit choice of equipment manufacturers around the world
- **Broad Product Coverage** – air, lube, fuel, coolant and hydraulic filters and systems, plus exhaust, accessories and more
- **Consistent Product Availability** – the filters you need, when you need them
- **Comprehensive Customer Service** – experienced, knowledgeable sales and technical support teams
- **Distribution That Makes a Difference** – support from exceptional partners who know equipment and are responsive
- **Warranty** – industry leading coverage
- **Far Reaching Field Support** – Donaldson Representatives are nearby and ready to assist

Complete Coverage from End to End
