Fast assembly for hydraulic components

Rexroth Service - the Original! When the spare part you need is not available from stock, and you simply don't have the time to wait, we will assemble it for you in our lead service center in short time on request. We offer fast and uncomplicated spare parts procurement. Use our Service assembly solution, for original spare parts with Rexroth quality, when time matters.

HOW IT WORKS

From this product range we can deliver up to 2 pieces in a short time:

Product range:

- Directional valves
- Pressure valves
- Flow valves
- Throttel valves
- Shuttle valves
- Isolator valves
- Cartridge valves ISO7368
- More products on request and availability

- **Standard:** within 5 working days
- **Urgent:** within 1-2 working days
- **Emergency:** within a few hours

Due to the broad range of Rexroth spare parts and various options being available to match your need, please consult our spare parts experts at your nearest Rexroth sales office. They will gladly inform you about options available, related additional charges and identify the best solution together with you!

Please send inquiries to:
Spareparts Hydraulics
spareparts.hydraulics@boschrexroth.de

Your benefit:

- Reduce downtime through short delivery times
- Clear and simple pricing
- Original Rexroth quality
- Lower inventories
